RG104 E-1 Box 121

United States Mint, Philadelphia, Penn.,

MELTING AND REFINING DEPARTMENT,

23 June, 1880.

Prof. J. C. Booth
M.t R.,

Sir. Referring to the enclosed letter from my physician, Dr. J. F. Stone (of 1922 Mt. Vernon St. Phila.) dated the 21st. inst, I respectfully request leave of absence (including the annual vacation) for three months, beginning July 1st, if practicable.

You are aware I was in hopes of offering my resignation before long, to engage solely in missionary work; but the Liberian authorities are not yet prepared to authorize this step, and my physician's advice debars me for the present from personally pushing the matter.

Very Respectfully,
Henry Hunter Lyle.

NARA RG104, Entry 1, Box 121

United States Mint, Philadelphia, Penn.,
Melting and Refining Department,
June 23, 1880

Prof. J.C. Booth
M & R,

Sir,

Referring to the enclosed letter from my physician, Dr. J.F. Stone (of 1922 Mt. Vernon St., Phila.) dated the 21st inst., I respectfully request leave of absence (including the annual vacation) for three months, beginning July 1st, if practicable.

You are aware I was in hopes of offering my resignation before long, to engage solely in missionary work, but the directive authorities are not yet prepared to authorize this step, and my physician's advice debars me for the present from personally pushing the matter.

Very Respectfully,
Henry Winter Syle.
